Holiday joy....

The year is coming to a close and in looking back it was a year filled with new opportunities and joy. We expanded our operations, which was very scary, but were able to include more amazingly talented people who bring a fuller richer experience to both us personally and our customers, and help us to grow and learn while sharing in our passion and dedication to our craft. We also continued to get more involved with our professional organization, the Washington State Landscape Association WALP (see King County Chapter holiday party below and yes, that is Elvis).

December Fun Facts....

"Filled with Romance"

December, a month filled with love, humanity and gift giving events is also a month filled with romance. Something about going downtown to see the holiday lights, the crisp in the air, ice-skating and holding hands. Enjoying the tradition of the Nutcracker Ballet or trying out a new restaurant, it is a magical place where we live and we try to make the most of those stolen moments.

Our warmest wishes to all for a wonderful holiday season!

***please remember to donate to your favorite charity to help those who might be cold or hungry.**
